PROFESSIONAL PROFILE

Full-stack developer with hands-on experience building production SaaS products for real clients, currently interning as a Full-Stack Developer, and studying Information Systems at CEFET-RJ. Specialized in Python (FastAPI, Flask), PHP, Angular, React, and PostgreSQL/MySQL. Practical background in conversational AI platforms, CRM systems, clinical management, and academic portals — always focused on clean architecture, security (LGPD/data protection), and end-to-end deployment.
